REDS REPORT COUNTER-ATTACKS IN DEFENSE OF CRIMEA

LOSSES OF BESIEGERS ARE HEAVY

Russians Claim New Successes on Karelian Isthmus in North and Tell of Mounting German Casualties on Southwestern Front as Nazis Direct Mighty Pressure Against Donets Basin and Kharkov

SIXTY ADMITTED DEAD IN ROTTERDAM RAID

By the Associated Press
Big-scale Russian counter-attacks in defense of the Crimea and heavy fighting along a line now running almost straight from the Black Sea peninsula to Leningrad were described today in dispatches from the Russian-German war.

The Germans reported new overnight bombings of Leningrad and Moscow, while the British raided Rotterdam, Antwerp and Dunkerque. The Germans admitted the Rotterdam raid was a heavy one and that 60 persons were killed and 300 wounded.

In the battle of the Atlantic, the Germans announced sinking of four enemy merchantmen including a large tanker.

They did not specify whether this might refer to the American-owned tanker I. C. White, which was torpedoed in the south Atlantic last Saturday.

Sinking of the ship, which was flying the Panama flag but had an American crew and was under British orders, was disclosed yesterday with rescue of 15 of her crew 450 miles east of Brazil. An additional 17 were picked up today only about 30 miles off the Brazilian coast. Four still were missing.

In the uprisings against German rule in conquered countries of the European continent, a dispatch from Zagreb, Croatia, passed through Berlin, admitted that a full division of German armor forces was moving into former Yugoslavia and that two cities had been bombed to put down embittered bands of Serb guerrillas.

But that was not all. The Greek uprising of Sunday night in Macedonia was admitted to have been of serious proportions. German dispatches through Berlin said the Greek irregular forces near Drama were annihilated, but admitted that the Bulgarians also suffered casualties and that a

FOOD NEED IN BRITAIN INCREASES

Reporting They are "Actually Hungry" After a Month's Stay in England, Two High-Ranking Agricultural Department Officials Say British People Need All Eatables U. S. Can Possibly Send

SPECULATIONS BASED ON PERIOD OF YEARS

BY EDWIN B. HAKINSON
Washington, Oct. 4.—(P)—Reporting they were "actually hungry" after a month's stay in England, two high-ranking agricultural department officials said today the British people need all the food that the United States can possibly send.

Paul H. Appleby, undersecretary of agriculture, remarked that he lost eight pounds on the restricted English diet, while R. M. Evans, agricultural adjustment administrator, returned here 10 pounds lighter.

Both went to England nearly two months ago at the invitation of the British government to get a close-up view of food supply, distribution and transportation problems.

Appleby said that "gobs and gobs of American food" now were reaching England under the British-aid program but that the "facts are that the English people are not getting enough to eat."

"The English people are not complaining," he said. "They are 100 per cent confident that they will win the war but they are not talking about when that will be. All of their plans and speculations are based on a period of years. They plan now for 1944 as readily as 1942."

Joe DiMaggio Connects for His First Hit of the Series in Second Inning of Contest

BY JUDSON BAILEY
Ebbets Field, Brooklyn, Oct. 4

Joe DiMaggio, 40-year-old captain, placed his knuckleball in opposition to the curves of young Lefty Munson of the New York Yankees today as the Brooklyn Dodgers brought the World Series to their own park for the first time in 21 years.

Fifteen minutes before game time the little park, holding 32,000, was not nearly filled. The bleachers had been packed for hours, and the box and reserved seats were sold.

Fitz, oldest pitcher ever to start a World Series game, won six games for Brooklyn during the regular season, while Russo southpawed his way to 14 victories for the American League champions.

Neither manager named his starter until a little over an hour before game time.

At that time there was a bright sun, the field was dry and conditions generally were perfect. The bleachers were filled to their limit of 3,200 noisy fans, but the holders of reserved seats trickled in more slowly.

Most experts were surprised at Manager Leo Durocher's choice of Fitzsimmons to face the Bronx sluggers, as he also had young Kirby Higbe ready to go.

They reasoned that Higbe, winner of 22 games this year, was strong and husky enough to pitch a pair of games for the Dodgers if he went today, whereas Fitz certainly could not hurt more than one, and so it made no difference when he started. But Durocher evidently had some deep strategy in mind.

Russo had been an alternate choice to pitch for the Yankees in each of the first two series games, but a sick stomach kept him out of action. He said he felt great today.

SINKING IS ASSAILED AS PIRACY

Secretary of State Hull in Statement to the Press Vigorously Condemns Action of a Submarine in Torpedoing American-Owned Oil Tanker I. C. White in the South Pacific

THIRTY-FIVE MEMBERS OF THE CREW RESCUED

Washington, Oct. 4.—(P)—Secretary of State Hull today vigorously denounced the action of a submarine in sinking the American-owned oil tanker I. C. White in the South Atlantic.

The secretary made the unusual gesture of permitting correspondents to quote him in declaring that sinking of the oil tanker "seems to be another act of lawlessness, piracy, and attempted frightfulness in connection with the general movement to drive people off the Atlantic ocean, which is part of the world movement of conquest."

Hull added, in reply to questions, that regardless of the flag the I. C. White was flying or whether it was in a convoy, every nation had the inherent right of self-defense in meeting attacks which he described as part of an attempted conquest of the earth.

In such unusual circumstances, he said, abstractions of international law must be construed and dealt with in the light of self-defense.

The secretary emphasized in his remarks that the United States was committed to a policy of doing everything in its power to provide supplies Britain needs.

Our aid-to-Britain policy, he declared, is materially affected every time a submarine sends a ship carrying American supplies to the bottom.

If we say, Hull continued, that we can do nothing because some vessels which are torpedoed are under neutral flags, our aid to Britain would drop to a minimum.

His comment came as the result of questions at his press conference about a statement by the Standard Oil Company, the I. C. White was under Panamanian registry but had been transferred to the British and was under British

Yankees.—After working the count to two and two, Stumm led a long fly to Reiser in dead center. With the count one and one, Rolfe knocked a looping fly into short left center and Medwick ran in fast to take it. After getting two balls, Henrich popped a high foul back of the third base coaching box and Lavagetto baged it. No runs, no hits, no errors, one left.

Second Inning

Yankees.—With the count two and two, DiMaggio smashed a ground single between short and third for his first hit of the series. Keller grounded out to Canilli unassisted. DiMaggio stopping at second. With a count of one strike and two balls Dickey lifted a foul which Canilli took just back of first. On a two and two pitch, Gordon lifted a high fly which Walker came clear over into centerfield to catch. No runs, one hit, no errors, one left.

Third Inning

60,000 at Football Contest in London

London, Oct. 4.—(P)—England defeated Scotland, 2-0, in an international football game played at Wembley Stadium today before a record wartime crowd of 60,000.

Prime Minister Churchill headed the list of prominent spectators who turned out for the first international match London has had since the start of the war. The prime minister, accompanied by Mrs. Churchill, received a boisterous welcome when he went on the field to meet the teams.

Mr. Churchill stood bareheaded as the band of the Scots Guards and Pipers played the Greek national anthem in honor of King George of Greece, who also was a spectator.

While roof spotters scanned the sky for enemy aircraft which didn't appear, the pick of English footballers provided a classy display which had the Scottish stars on the run from the opening kickoff.

RANK AND FILE REVOLT OF COAL MINERS DOWNED

Lewis Appeal for Return to Work of Diggers Striking Against Increased Dues and Assessments Brings Affirmative Action

WILL GO BACK MONDAY

Hazleton, Oct. 4.—(P)—John L. Lewis appeared today to have put down a rank and file revolt by some 25,000 of his United Mine Workers in Pennsylvania's sprawling anthracite fields.

His personal appeal for return to work of miners striking against increased dues and assessments brought immediate affirmative action from 34 of the 41 locals in the union's Hazleton District Seven, where the revolt centered.

A membership of 11,071 is represented by units approving return to the mines Monday. Four locals with 2,348 members rejected the plea, while three others with a membership of 2,364 delayed their vote.

Thus, apparently, was ended the work stoppage which kept more than 15,000 idle in District Seven nearly a month at the peak of the summer rush season. Some 10,000

CAR THIEF DISCOVERS HE IS ALSO ABDUCTOR

Canton, O., Oct. 4.—(P)—A six-month-old baby girl, sleeping in the back seat of a motor car when it was stolen in Pennsylvania, was safe here today, and her alleged abductor was under arrest.

Police said Judith Hineman, daughter of Mr. and Mrs. R. W. Hineman of Aliquippa, Pa., was taken along when the car thief seized the parents' machine at a restaurant parking lot near Imperial, Pa. The parents had left the baby asleep while they went inside the restaurant for a bite to eat, police were informed.

After an alarm was broadcast, the baby was found in the car in a parking lot here, and the 28-year-old suspect was arrested in a nearby beer parlor.

RECOVER BODY OF CHILD LOST IN PLANE MISHAP

San Juan, Puerto Rico, Oct. 4.—(P)—The body of one child was recovered today from waters near here where a Pan-American airplane water-looped at the end of its flight from Miami.

Mrs. Angelina Russo and her three children, who boarded the plane at Port Au Prince, Haiti, were among the 27 passengers and crew members aboard.

She and one child were taken from the plane last night with all other occupants. The third child still is missing.

The plane's nose broke off and it flooded quickly. Navy tugs got the plane from the water onto a lighter during the night. Its wings snapped off during the salvage operation.

Salvatore F. Russo, a native of New York and chief machinist's mate in the United States navy, father of the children, was waiting for his family when word reached him that the plane had crashed less than a mile away.

It was to have been a reunion after a separation of several months while Russo's wife and children waited in Haiti for him to find them suitable quarters.

As the plane descended at dusk, Mrs. Russo had her oldest child, three-year-old Frederick in her lap

LOCAL REFINERY GETS EXCEPTION ON SHIPPING GAS

Washington, Oct. 4.—(P)—Donald Nelson, priorities chief, granted an exception yesterday to the October gasoline curtailment order to allow the United Refining Company, Warren, Pa., to ship up to 25,000 gallons of motor fuel from now to October 15 to the Farm Bureau Cooperative Association of Columbus, O.

The October order in the east prohibits shipment of any motor fuel from the 17 eastern states and the District of Columbia to points outside the area.

The Office of Petroleum Coordination announced that Nelson made the exception in the farm bureau cooperative case on its recommendation after the United Refining Company wired Coordinator Ickes that it had a standing contract covering gasoline requirements in 14 counties of northeastern Ohio up to 500,000 gallons a month.

The company asked for an exception from the gasoline export ban until it could make other arrangements.

Under the exception the company has until October 15 to make arrangements to obtain supplies outside the eastern area for the Columbus Cooperative Association.

Meanwhile, the petroleum office announced that a meeting would be held in Pittsburgh, Pa., next Wednesday to consider gasoline supply problems in eastern Ohio. Attend-

2,000 Searchers to Hunt Missing Child

Conway, N. H., Oct. 4.—(P)—A searching party of almost 2,000 persons, believed the largest ever formed in New England—will attempt tomorrow to find some trace of Pamela Hollingworth, 5, missing since Sunday in the White Mountains' wooded foothills.

More than 1,000 Lowell, Mass., residents have signified that they will beat through the woods out of friendship for the girl's father, Joseph E. Hollingworth.

He is superintendent of a Lowell Lumber Company, head of the community chest and president of the Lions Club in that city.

September Driest in 53 Years of Weather Records in Pennsylvania

Harrisburg, Oct. 4.—(P)—The U. S. weather bureau reported today that last month was the driest September in the 53 years it has kept Pennsylvania records while the first nine months showed less rainfall than for any similar period since 1830.

Lack of moisture in most sections of the state retarded late crops, the agriculture department said, while low stream levels hampered industry in the east.

With the Schuylkill river at a near-record low, only one of the four generators normally operating at the Philadelphia Electric

Company's Queens La., plant was being used

L. F. Conover, chief of the weather bureau, said only 1.36 inches of rain fell in September according to reports from 160 stations. This was 2.03 inches below the average for the month.

For the first nine months, Conover said, there was a deficiency of 7.12 inches of rain, the second driest period in the bureau's history. The worst drought came in 1930, when there was a deficiency of 8.86 inches.

Tidioute Woman Elected President Of Parent-Teacher Organization At Biennial Conference Held Here

At the seventh biennial conference of the Northwestern District of the Pennsylvania Congress of Parents and Teachers, held at the First Evangelical church here yesterday with nearly 350 persons in attendance, Mrs. Harold R. Hawkey, of Tidioute, was elected president for the ensuing term.

Mrs. Hawkey, a past president of Warren county council and prominently identified with club activities, succeeds Mrs. D. V. Urey, of Oil City, who also is state vice president of the P. T. A. organization.

Other officers named at yesterday afternoon's session of the conference are Mrs. Clyde Waddell, of Pleasantville, first vice president; Mrs. J. P. Winslow, of Brookville, second vice president; Mrs. Alton

Following Dr. Yeager's address, Mrs. P. B. Digby, of Pittsburgh, president of the Pennsylvania Congress of Parents and Teachers, presented the following awards to Warren county and community units:

Honor award—Warren county; Friendship and Tidioute.

MRS. H. R. HAWKEY
Standard award—Warren city; Lacy, North Warren, Washington.

Acorn award—Warren county; Tidioute, Warren City, Lacy.

In the county a gold leaf award was presented to Scandia unit. In the borough, gold seals were awarded to Jefferson and Lacy.

Yesterday afternoon's session of the conference opened with an address, "Training for Leadership," by Mrs. Digby, state president. She said that the work of the P. T. A. units must go on this year more than ever to protect the welfare of the children as the P. T. A. part in national defense.

Following Mrs. Digby's address, music was provided by the Warren High School a cappella choir and the report of the election was presented. Reports were given on the morning conferences.

A resolution was adopted expressing appreciation to the Warren community and county councils and to those who participated in the program. This resolution was presented by Mrs. R. W. Gharney, of Franklin.

The remainder of the afternoon program included music by the Erie City Mothers Singers directed by Fannie Pfeiffer, conferences and the installation of officers by Mrs. Digby.

BELL EMPLOYEES TO HOLD RALLY IN MANY CITIES

A Bell Telephone rally for employees conducted simultaneously in nineteen cities in Pennsylvania and Delaware will be held on Wednesday evening, October 8. Microphones and loudspeakers, connected to a telephone network, will unite the widely scattered meetings into one great assembly.

The challenge confronting the Bell organization today and the opportunities telephone men and women have of serving in the present emergency will be underscored by high ranking government, military, industrial and telephone officials who will talk briefly over the network from different points. The talks will be interspersed with music and movies.

At Warren, assembly place for telephone workers throughout this territory, the rally will be held in the Woman's Club. Plans for the rally were announced today by Howard O. McGrath, district manager for the Bell Company. As at all other rally points, virtually every telephone man and woman who is off duty will be present.

The other simultaneous meetings will be held in Allentown, Altoona, Brookline, Greensburg, Harrisburg, Hazleton, Lancaster, McKeesport, New Castle, Norristown, Pittsburgh, Philadelphia, Pottsville, Reading, Scranton, Wilkes-Barre, Williamsport and Wilmington, Del.

The speakers will include William H. Harrison, director of production in the Office of Production Management, who will talk from his desk in Washington, and Andrew W. Robertson, chairman of the Board of Westinghouse Electric and Manufacturing Company, who will talk from Pittsburgh. Speaking over the telephone network from Convention Hall, Philadelphia, will be Brigadier General Dawson Olmstead, Chief Signal Officer, U. S. Army; Rear Admiral A. E. Watson, Commandant of the Philadelphia Navy Yard and of the 4th Naval District, and Philip C. Staples, president of the Bell Telephone Company of Pennsylvania.

The first four men will talk about what the government, what the defense industry, and what the army and the navy expect of the Bell organization in the present national emergency. Mr. Staples will respond on behalf of the telephone organization.

Annual Meeting of Regional Scouters Is Being Arranged

More than one thousand men are expected to attend the 21st annual meeting of Boy Scout Region Three in Philadelphia on October 24-25, according to Calvin Hall, local Boy Scout Executive. This number will include a sizeable delegation from the Warren County Council. It is expected.

Dr. Geo. J. Fisher, Deputy Chief Scout Executive, will deliver the key-note address and make other major contributions during the two day meeting which is being held in the Bellevue-Stratford Hotel, Wheeler McMillen, nationally known editor and chairman of the national committee on Rural Scouting will also be on the convention program.

The theme of the meeting will be "Be Prepared to Serve America" and discussion groups and general sessions of the two day convention will all point toward the development of that theme. Invitations to attend the meeting have been sent by the Regional office to local Scouters and others who are interested in affairs of the sort. Transportation to Philadelphia is being provided by members of the council.

"Uncle George" Metzgar On His 97th Birthday Anniversary

The host of friends of George Metzgar will readily recognize the former well-known Warren resident, who now makes his home with his daughter and her husband, Mr. and Mrs. Charles Johnson, at Tulsa, Okla. It was taken on the occasion of his 97th birthday anniversary, July 15th last. A letter which accompanied the photograph states Mr. Metzgar is enjoying unusually good health for one of his years.

Women of County are Challenged By the Growing Red Cross Needs

As World War II develops and our own country is more and more concerned with it, as we anticipate more clearly what may lie ahead for such an organization as the American Red Cross in the service of humanity, the need for workers in the local chapter grows daily. Mrs. Raymond W. Stebel announces that at present the force of women engaged at downtown headquarters at the Metzger-Wright building, and in the various branches, are incapable of dealing with the much larger quota which National Headquarters is expecting from Warren. There is need for more workers in the units already established, and for the beginning of new units in churches and various organizations and homes. Individuals who cannot join one of these units are invited to secure materials and take them home for finishing.

The work outside of Warren has been organized on a scale greater than before. It is interesting to note the number of County units which are participating in this important work with the units in Warren itself. The unit at Lottsville is now working on its share of this third (and largest) quota. The following County units have finished their first and second quotas, will start on their third share of the third quota in the near future: Spring Creek, Pittsfield, Irvine, Garland, Corydon, Columbus.

These outlying groups, together with the various Warren units and with workers at downtown headquarters, constitute an impressive

and well-organized force of loyal volunteers. More volunteer workers, however, are called for; and it is felt that if the women of this district and of Warren borough could conceive of the mounting need for materials for Red Cross distribution, and of the exceedingly large new quota which must be filled before December, the response would be immediate. The loyalty and patriotism of the women here has often been demonstrated; and those who now call for helpers are confident that they will rally to serve humanity again as the emergency is realized.

Hiking Club Plans Sunday Outing in Cherry Run Sector

The second trip of this season for the Allegheny Hiking Club is announced for tomorrow as another addition to the many trails covered by this group. Tomorrow's trip will be in the vicinity of Cherry Run in the southeastern section of Warren county, and it is planned to hike up the CCG road into the Tionesta virgin timber, returning over a pipeline to the starting point, a distance of between six and seven miles, but fairly easy walking.

Because of the driving distance to this location, it is important that all members be on hand at 2:35 sharp ready to leave General Joseph Warren Park promptly at 2:30. This week's trip is planned and will be led by Perry McDaniel.

Members of independent war bands are known as guerrillas.

Good Progress Reported at First Meeting of Legion Campaign Teams

Showing good progress, members of the American Legion membership campaign organization reported a total of 165 members for 1942 at their first report meeting held last night at the Legion Home. Of this number, 108 had been secured since the opening meeting on Wednesday, while 57 had been previously reported.

Only one team showed a 100 percent report of the entire team membership. That team was No. 5, of which Clair Proud is captain. There are 19 team members from whom a first report is yet to be received and some 300 prospect cards of persons on whom no calls have been made, it was stated today. Due to the unfavorable weather of the past two days, it was felt that the showing to date had been average or better.

Ben Kinnear, in charge of this year's membership drive, announced last night that all team captains should endeavor to contact their workers over the week-end. Captains are to make certain that each worker will make a report next Tuesday on every card new in his possession or return the cards to the captains at once.

With sixty active workers engaged in seeing prospects between now and next Tuesday, it will require an average of only three members per worker to make the

campaign a success, it was pointed out. The final report dinner will be held at the Legion Home next Tuesday evening at 6:30 o'clock. All team captains and workers were reminded that this will be their last opportunity to report members and secure points toward the individual prizes to be awarded to the three team members with the highest number of total points at the end of the drive.

From the determination and enthusiasm shown at last night's meeting, it was confidently believed that the drive would reach the goal desired—350 members for 1942. One encouraging factor many teams reported was the high percentage of reinstatements secured to date and it is felt that this figure will be well increased by next Tuesday evening.

Following is a tabulation of the results to date, giving the number of renewals, reinstatements, new members and total:

LUTHER LEAGUE RALLY
The Warren District Luther League will hold a rally at the Bethany Lutheran church here Sunday afternoon and evening.

LOCAL NOTES

John Shick, son of Mrs. Orabelle Shick, this community, is a patient in the Kane Community hospital, where early Thursday morning he underwent an appendectomy. John, who for the past several months has been employed in governmental service in Washington, D. C., was stricken ill there and came by train as far as Williamsport where late Wednesday night he was met by his mother, C. E. Maxwell and Guy Wenker, who brought him on by car to the Kane hospital.

Electric service over a wide section of the community was disrupted several minutes Wednesday afternoon when a limb from a tree that was being pruned knocked down a wire on Pickering street. The interruption occurred during the short-lived Brooklyn rally in the 7th inning of the opening World Series game, disrupting no end the local listeners-in. The service was restored a minute or so after the game had ended.

Motor car bodies of plastic materials with rubber fenders are now being studied by manufacturers.

TIMES TOPICS

TO LEARN TRADE

Charles L. Curtis, son of Mrs. Florence Curtis, 8 Plum street, and Jerald Carroll, Prospect street, left this week to take up the welding trade at the New Castle Resident Work Center, Cunningham Park, New Castle.

CEMETERY MEETING

The Yankee Bush Cemetery Association will meet Tuesday evening at eight o'clock at the home of George Gates. There will be an election of officers for the coming year and other matters of importance will be discussed. All persons interested in the cemetery are urged to be present.

HAS OPERATION

Mrs. E. Williams, of Miami, Fla. has been visiting her sister, Mrs. Elfa H. Smith, who recently underwent a major operation at the Warren State Hospital. Her daughter, Mrs. Lucile S. Wade, of Kansas City, Mo., is also here visiting. Friends will be glad to learn that Mrs. Smith is improving satisfactorily.

SHOW INCREASE

State Treasurer G. Harold Wagner has reported that direct relief payments made to needy Warren county residents during the week ended Thursday show an increase of \$7 over those of the previous week. Payments for the week totaled \$191, which was \$801 lower than those of the comparable week of last year.

P. U. C. HEARINGS

Two hearings were conducted at the court house here yesterday morning by the Public Utility Commission. They were in the application of the Warren County Gas Company and Pennsylvania Gas Company for approval of the transfer of all property and rights of the former to the latter, and on the application of Clair Hendrickson for approval of the right of operating motor vehicles as common carriers. In both cases, testimony was taken for decision to be made later.

The United States had more than 4,000,000 motor trucks.

Emergency Service Training for Scout Troops Is Planned

Announcement of an emergency service training course for Scout leaders was made today by Boy Scout headquarters. Vance Weld, field commissioner for emergency service of the local Boy Scout program will be in charge of the course and announced that it will be held at Chautauqua Lake on Saturday, November 1, with a staff of trained leaders assisting in the presentation.

The emergency service program of the Boy Scouts of America has been recognized by the American Red Cross and the Office of Civilian Defense and gears in to both programs. The program covers emergency service training and preparation for all Scouts of all ages and ranks and specialized emergency service training for older boys through the Emergency Service Corps.

The subject matter of the training will cover projects related to emergency service, special emergency service activities, plans for mobilization of troops, districts and Scouts in the whole Council, training for the individual Scouts, safety, relationships with other organizations in emergencies and

specific items of service which Scouts may render. A complete list of the personnel responsible for the training will be published in a few days.

JACKETS RISK TITLE AGAINST TRAFFORD HERE TOMORROW

CHAMPS SLIGHT FAVORITES TO HOLD CHAMPIONSHIP; VISITORS PACK SPEED, POWER IN LINEUP

With both teams ready, fans eagerly awaiting the kickoff, everything is complete for tomorrow's Western Pennsylvania semi-professional football championship game between the Champion Warren Red Jackets and challenging Trafford Alumni crew.

Both teams are undefeated and the local pros are rated favorites at only 5-3, gaining this margin merely through the fact that they are titlists, have won three, have power which they have not yet shown before local fans, and defeated Trafford last year 7-0, all of which doesn't add up to too much of an edge, considering that many of the above mentioned reasons play upon form, and tomorrow's game will not be played in such a manner.

The Alumni graders want a victory tomorrow to go home with a claim to the title, and around the Pittsburgh area, where there are a number of semi-pro clubs, only a champion or worthy contender can draw more than expenses to his contests.

Coach "Doc" Rees is expected to start Bob Mann, who is finishing up a ten day tour from the army air corps, and possibly Frank Spinnaker at the half back and the team's star player. Artie Adams, a Pittsburgher at guard, and Walt Spennaker at center.

Harry Gamba, who has played both line and backfield, may be in the forward wall tomorrow, and possibly will be among the runners where Rees can use the big line boys' weight as an advantage. However, the probable starting backfield, shaped up to be Green at quarterback, Harold Brown and Joe Spinnaker at the halves, and Artie Adams and Walt Spennaker at fullback.

But while Warren will be playing every one, the Trafford team has studied the Red and taken out all the kinks to answer the challenge. The opening kickoff, their heavy 200-pound line and pony backfield, which moves like greased lightning, will be looking for the jackets to top with, and with runners like Abraham Snyder, Lambeth, and Big Steve Service. Trafford expects to go places.

Both squads will number twenty-two men, which promises plenty of action all the way because both teams will be able to substitute players freely, thus keeping a group of fresh gridirers at hand throughout.

Popular prices will prevail, but students are reminded of the slight increase due to the new defense tax, in the cost of each ticket. Adult prices will remain the same.

"Pony" Johnson will handle tomorrow's game with Gerry Peterson and Louis Brown assisting him in their respective roles of umpire and head linesman.

The kickoff is slated for 2:30 o'clock.

LITTLE VALLEY RACE SCHEDULE TOMORROW

Championship automobile races will be staged at the Little Valley Fair Grounds, Little Valley, N. Y., on Sunday afternoon, starting at two o'clock.

As these are the last races of the 1941 season, it is expected that they will be especially outstanding.

There will be 75 laps of speed and thrills with such outstanding drivers as Angus Hill, "Speed" Brandt, Phil Gallus, Speed McFee, Wild Bill Owens, Cliff Wager and others.

New tungsten-ore deposits have been found at several points in Kwangtung Province, China, according to the Department of Commerce.

TRANSFERS FOR ELKS BOWLERS ARE ANNOUNCED

At a meeting of the Elks Bowling League committee, held last evening, several additions were made to present teams and a number of men were transferred from one team to another for various reasons.

Assignments of new men were as follows: Tony Morelli to Forde; Bob Sanburg to DeLuxe; Fumacore, Charles Blackman to Lewis; Marked; Ed Gulland to Geracimos. The following transfers were made: F. Ryndholm, Keystones to Lewis; Marked to Keystones; Vic Johnson, Kirbygers to Forde; Ray Johnson, Forde to Kirbygers; R. M. Miller, Kirbygers to Penn; Fumacore, Claude Barlow, Penn; Fumacore to Kirbygers; Harold Amacher, Geracimos to Brogan; and Leo Gus Sova, Brogan and Lee to Geracimos.

World Series Notes

By HAROLD CLAASSEN
New York, Oct. 4.—(P)—The game wasn't played but that didn't keep Leo Durocher, the babbling Brook, from his daily tussle with an umpire.

After Judge Landis had declared the contest off, Durocher and Chuck Dessen, one of his coaches, took the umpires out to show them the condition of the field and the tricky left-field corner with its sloping foul-line.

John Quinn, the alternate American League arbiter, began to explain how his league would handle such a situation.

"Well, you're in the National League park now and I'm telling you, you're not telling me," popped the Dodger boss.

Some of the dampened Yankee followers looked upon the rain as a part of the Brooklyn strategy to give Whitlow Wyatt an added day of rest.

The Brooklyn papers informed their readers of the postponement with "Rain Saves Yanks" and "Yanks Get Reprieve—Rain."

In case some of you American League followers are worried about Joe DiMaggio's lack of hitting, just remember that the Yankees once had a power-hitter by the name of G. Herman Ruth who went through a World Series with a meager .119 batting average.

Incidentally, DiMaggio says he feels he's snapping out of his slump and is ripe for some fancy bludgeoning.

Existing metal shortages will not seriously affect the wood furniture industry, the Department of Commerce reports.

Dodger Goes Into His Dance

His mask and mitt a-tying, Dodger Catcher Owen nabs the ball and goes into a Frabush Fling as Gordon, Yankee second baseman, is thrown out at home in second World Series game, won by Brooklyn, 3-2. Umpire Pinelli calls play while Sturm, New York first baseman, comes up to bat.

DO YOU WANT PONY LEAGUE BASEBALL? WARREN HAS ANOTHER OPPORTUNITY TO RECEIVE A FRANCHISE FROM THE LOOP

If you want PONY League baseball, and I believe there are at least five thousand diamond fans throughout the county who honestly do, then there's an opportunity for this community to have just what when the season of 1942 comes rolling along. At a confidential meeting held Thursday evening in Burgess Steber's office in the city building, four outstanding baseball men (of the organized brand) from this section conferred with several local citizens to decide just what would be necessary to place a league entry in the town, and what the town might possibly receive if such a plan materialized. Harry Bisgeier, president of the Jamestown Falcons; Dr. H. J. Ryan, former mayor of Bradford and a leading citizen in that community during the time they fought for PONY League ball; Joe Brown, grounds superintendent for the Buffalo Bisons baseball club, and Bill Lockhart, of Bradford, who has a hand at owning several organized teams, brought out the bare facts and told a group made up of Homer M. Mohr, of the school board; Leonard Rosenzweig, Lester A. Blair, Bill Rice and your agent, roughly what Warren would need in order to qualify for a franchise.

And I'll tell you now just what this town does need is briefly about \$15,000 and enough enthusiasm to see that it gets the needed quota. Russell Field needs a new blanket for the infield, one of sod which will make it decent for the crowds who otherwise would have to brave a dust storm every third game of the season, a field house, though this can be made of modest proportions, to include only the bare necessities, and most important of all, lights. The arcs must be provided in order to gain the backing of any major league club, and this is the most expensive part of the program. But Brown, who can estimate within two bits of the amount necessary to fix the place up, declared that the project shouldn't cost more than \$15,000 and that the town, as has been proved in every other city ever to undertake a similar program, would have its money back to the last penny within five years. Of course, the proposition that will be drawn up by the citizens' group, which will be formed soon, will be presented to the school board, which has control of everything on Russell Field, and it will be entirely up to the latter group and its decision, just how far this latest effort to get into the organized national pastime will get.

But the board of education is not expected to stand in the way of this move, because in the past two years they have conducted a program of their own whereby they have had to spend a large amount in providing the new fence for the park. Anything that would improve the park, which would always be at the disposal of the school as well as a PONY loop club, should gain the vote of the board. How to meet the financial problem is the biggest hurdle, but if enough interest is shown in town, 1942 may see Warren back on top of the sports heap in this section through the summer as well as the winter. Now you have the facts. I want your answers. And if you have any opinions to express, are enthusiastic over what you've just read, then let's find this out quickly. Factories, merchants, chamber of commerce, service clubs—and every individual—will be called upon and must help to make this drive go over. So let's get started now, because Warren must definitely know whether it plans to be in or out of the league by December, not giving us too much time. Remember, we can do it if we want to, and what have the majority of fans been asking for in the past two years if it hasn't been PONY League ball?

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Oct. 4.—(The Special News Service)—The Dodgers, who didn't tell how they decided to split their world series money, cut it into 26 full shares after handing out \$6,000 in cash. The Yanks made it 32½ shares and \$6,000. Remember what Babe Ruth called the Cubs a few years ago when they didn't spread the dough out very far?

The telephone company and the taverns cashed in on yesterday's postponement. The phone co., announcing the postponement along with the weather report, received nearly 50,000 calls between nine o'clock and one. Brooklyn was all dressed up for the occasion that didn't come off.

Stores and offices from Borough Hall to Bushwick were draped with bunting and banners reading "Welcome Home Dodgers" and "Our Champs." No one mentioned Bums. When the game was called off, 1,400 reserved seats hadn't been sold and the specs who had managed to get 'em were trying to unload. "Every time there's talk of a sellout, it scares the fans away," he said Thursday. "We get it on big Sunday doubleheaders. People who live 50 or 60 miles away won't come. They forget that if every reserved seat is sold, the backbone is left."

Take-A-Chance Dept.

Turning without warning or special information from the series to football, this is how some of today's games look from here: Tennessee to beat Duke—on the theory that a top team in the Southeastern Conference generally is stronger than the same in the Southern circuit. The Southern seems to be getting the better of it now, but that won't show for another season or two. Fordham over Southern Methodist—the Rose Hill boys are supposed to be weak at the tackles, but after what they've been used to for the past 10 years, it's hard to figure out what they can weak. Any.

SHEFFIELD ROD AND GUN CLUB HOLDS MEETING

Sheffield, Oct. 3.—A feature of the October meeting of the Rod and Gun Club, held last evening in American Legion Home with 25 members in attendance, was the announcement that the organization's long-cherished idea of having its own clubhouse is practically a reality.

The club this spring purchased a 51-acre tract of land on Bull

Hill, about a mile and a half from town, and early in the summer started construction of the clubhouse, which measures 50 by 100

Observance of Fire Prevention Week Urged Here by Fire Chief

Below is printed the first of two installments of an article on Fire Prevention Week, October 5 to 11, written for the Times-Mirror by Chief Douglas G. Kropp.

The theme of this year's Fire Prevention Week, which will be observed from October 5th to 11th. To many people this is just an annual custom of observance and very little thought is given it. But let us consider just what Fire Prevention Week means to us in our country, our borough, and in our own home, and I think we can all realize that it is something not to be treated lightly.

On the night of Oct. 8th, 1871, a stable at Chicago, a cow kick over a lantern and started a fire that spread and destroyed property over an area of about one-and-a-half miles. This fire killed 250 deaths, made 100,000 people homeless and destroyed property valued at \$175,000,000. This fire was indirectly responsible for the introduction of "Fire Prevention Week". For on Oct. 1, 1911, Fire Prevention Day was first observed throughout the United States to bring to the people the thought of the loss of lives and property that occurred in the great Chicago fire of 1871. This day was devoted to educating the public in the much needed lesson of fire prevention.

Each year this date was observed as Fire Prevention Day until the year 1922, when the president of the United States, realizing the enormous loss of lives and property from fire, proclaimed that a week instead of a day should be devoted each year for the work of fire prevention. So, in October, 22, the president proclaimed that the week in October continuing Oct. 9th should be observed as "Fire Prevention Week". Each president in turn has followed this custom and now in 1941 by proclamation of President Roosevelt we are observing the 70th anniversary of the great Chicago fire and the 20th anniversary of "Fire Prevention Week".

During the latter part of August, 1939, in the republic of Poland, not a cow, but a fiend started a conflagration that has read to nearly all of Europe and Africa and at the present time is threatening this great nation. It is this conflagration that we, as the people of America and the fire departments of this country have got to prevent spreading. To do this we have to keep the "twelve of industry" running at home so as to provide the necessary materials and products for Uncle Sam's defense program. This is only one small part of "National Defense through Fire Defense".

Every time an industrial plant burns and is destroyed, it is a severe blow not only to the nation but to the community where it is located. The economic structure in any town today is effected if an industrial plant is destroyed by fire, as it is difficult enough to get materials to keep the plant running normally, but to get materials and machinery to rebuild a plant is nearly impossible. Then there is the other phase of such a catastrophe. The men employed at the plant are thrown out of work and if they cannot find work in their own community, they are forced to go to some other town to work. Industry today in most of the smaller communities would be unable to re-employ the men thrown out of work by a plant burning. This would mean that if these men had to go to other places to work the earnings that these men had been spending with the merchants of this community would be lost to these merchants. Local business houses doing business with the firm that was burned out would lose a customer and the community as a whole would suffer the effects of the fire.

To realize just what each and every business in the community means to us, let us look back to the time that local industries have been shut down. Not so very long ago an old established industry shut down their plant. The effect of these men being out of work was felt by many. Fortunately industry was just starting on an upward scale and many of these men were employed by this expanding industry. But today, this is not probable as shortage of needed materials and machinery are curtailing plant expansion. In many communities there are plants that went through the depression without any noticeable effect, but today are being forced to lay off men and some shut down owing to the lack of materials that are needed elsewhere for defense work.

TWO CARS DAMAGED

Two cars were damaged about 100 a. m. today at the intersection of South street with Pennsylvania avenue, east, when Otis Marlett, 19 Canton street, operating one machine and following Edward W. Smith, 115 North South street, both driving east on the avenue, attempted to pass Smith as the latter driver started make a left hand turn to enter North South street. Marlett's machine struck a tree. No one was injured, but damage to both cars was estimated at about \$100 by borough police who investigated. Smith was able to drive his car away; Marlett's had to be taken to a local garage by a wrecker.

IN THE ORPHANS' COURT OF WARREN COUNTY, PENN.—SYLVANIA

Estate of William Witz, Deceased
No. 19 September Term, 1941

To the legatees, creditors, and others persons interested in said estate:

Notice is hereby given that Warren Ray Witz, Executor, has filed in the Office of the Clerk of the Orphans' Court, his petition praying for the private sale of the real estate of the decedent to Vincent Musante and Regina Musante for a cash consideration of Fifteen Hundred (\$1500.00) Dollars, said real estate being described as follows:

ALL THAT CERTAIN piece or parcel of land situate in Pleasant Township, Warren County and State of Pennsylvania, bounded and described as follows: BEGINNING at the southwest corner of a parcel of land heretofore conveyed by William Witz and wife to Anne Nelson and Eric Nelson, her husband, by deed dated April 1, 1936, recorded in Deed Book 180, page 404 of Warren County records; and being in the northerly line of the right of way of the Pennsylvania Railroad Company; thence northerly along the west line of land so as aforesaid conveyed to said Anne Nelson and Eric Nelson to the public road leading along the bank of the Allegheny River; thence westerly along said public road seventy (70) feet more or less to a stake; thence southerly by a line parallel to the westerly line of said Nelson's land one hundred twelve (112) feet more or less to a stone post in the northerly line of the right of way of the Pennsylvania Railroad Company; thence easterly along the northerly line of said right of way to the place of beginning, and having erected thereon a frame dwelling.

Upon the presentation of said petition, the Court ordered the same filed and fixed October 23, 1941, at 10 A. M. Standard Time, at the Court House in Warren, Pennsylvania, as the time and place of a hearing thereon after due notice of this proceeding in accordance with the laws of Pennsylvania and the Rules of the Orphans' Court of Warren County.

we would not try to tell you that borrowing money to pay off old bills would put you out of debt, but there are several advantages in doing this:

1. It will free you from worry and possible loss of credit.
2. Making one easy monthly payment is considerably more convenient than trying to scatter your pay over several directions at once.
3. By having one easy payment to make each month you will have most of your salary left to pay current expenses and save.
4. The reasonable interest rate would be far less expensive to you than the worry and nervous strain caused by the task of trying to keep all creditors satisfied at once.

Play-by-Play

(From Page One)

count three and two, Camilli loped a liner over Russo's head and the ball bounced just in front of Rizzuto who took it and stepped on second, then threw to Sturn for a double play. Walker knocked an easy grounder to Rolfe and was thrown out. No runs, no hits, no errors, none left.

Third Inning

Yankees—Rizzuto bounced to Fitzsimmons and was thrown out. Medwick ran far over into left center to drag down Russo's fly. Sturn hit the first pitch back at Herman and was thrown out. No runs, no hits, no errors, none left.

Dodgers—On the second pitch Owen lited a fly to DiMaggio in short center. Fitzsimmons raised a high fly to Keller. After taking called strike, Reese grounded out to Rizzuto. No runs, no hits, no errors, none left.

Fourth Inning

Yankees—Rolfe picked out the second pitch and singled to center. After taking one strike, Henrich sent a fast roller to Reese, who ran several yards to step on second base for a force-out but pulled Camilli off first base trying for a double play and Henrich was safe. With the count one and one on DiMaggio, Owen threw to Camilli and picked Henrich off base. Henrich apparently slid hard against Camilli's legs in trying to get back and Camilli shoved Henrich's head down as the runner was trying to arise. Umpire Goetz rushed over and pushed Camilli away. After taking another called strike, DiMaggio raised a high fly which Camilli took on the edge of the grass mid-way between first and second. He tossed the ball aside quickly and DiMaggio raced on to second insisting that Camilli had not held possession of the ball. However he was overruled.

No runs, one hit, no errors, none left.

Dodgers—Gordon made a nice pickup of a smash by Herman and threw him out. On the first pitch Reiser lined to Gordon, who did not have to move for the ball. Medwick topped the ball down the third base line and while the Yankees hovered around and waited for it to roll foul it came to a stop on fair territory for a single and Brooklyn's first hit of the game. Gordon made a spectacular leap to stab Lavagetto's liner. No runs, one hit, no errors, one left.

Food Need in Britain Increases

(From Page One)

Both officials said they believed their personal contact with British officials would facilitate the food supply program because they found that in addition to meats, cheese, eggs and other dairy products that England could use several products of which there is a real surplus in the United States, confirming Appleby's reports.

Evans said that the English food situation was "tight."

"There is no actual starvation but there is a lack of protein foods," he said. "I saw no candy, very little fresh fruits and similar foods."

Both men were struck by the lack of eggs in England. They said they saw only three during a month.

Losses of Besiegers are Heavy

(From Page One)

search for other rebellious Greeks was being pressed.

King Haakon of Norway, from his refuge in London, decreed death for crimes against the Norwegian state—meaning death for Quilings.

Although the German high command merely reported extensive operations in progress on the eastern front, dispatches from the belligerent capitals indicated the Nazi thrust towards the industrialized Donets basin in southern Russia apparently was the main danger to the Soviet.

Berlin reports said the Germans seemed to be turning their mightiest pressure upon the Donets and the manufacturing city of Charkov. They added that the German assaults were colliding with counter-attacking Russian tanks and armored trains.

The Russians reported there was fighting along the entire front, and said the Germans were suffering heavy material losses in the south.

Moscow said marine paratroops were harassing the besiegers of Odessa, on the Black Sea, joining forces with the guerrillas of that district.

The Russian early-morning communiqué also told of the sinking of a German submarine by Red warships in northern waters.

The British said their warplanes struck at docks at Rotterdam. Antwerp and Dunkerque during the night while Hurricane fighters strafed German airdromes in occupied France. German aerial activity over Britain was light.

The Japanese, meanwhile, began grand maneuvers in French Indo-China, with insufficient troops, it was reported, for a full-dress campaign. Just how many men were involved was not revealed by the censor.

Many observers in Saigon, French Indo-China, expressed belief the anticipated zero hour for southern Asia had come.

The Norwegian Telegraph News Agency told of a battle between Norwegians and Germans at Steinkjer, near Trondheim, which it said began when some Norwegians left a cafe and the Germans entered and turned on the Norwegians and that fighting spread through the whole town before it was stopped.

Berlin sources reported a number of new executions in Bohemia and Moravia of persons convicted of plotting against German rule. Reinhard Heydrich, German protector of Bohemia and Moravia, was in Berlin yesterday and was believed to have reported personally to Adolf Hitler on the situation.

Phyllis Olmstead and Raymond Smith United In Marriage in Pretty Candlelight Service

In a pretty candlelight service at the Epworth Methodist church last evening at seven-thirty o'clock, Miss Phyllis Olmstead, daughter of Mr. and Mrs. C. D. Olmstead, Hemlock street, became the bride of Raymond Smith, son of Mr. and Mrs. Frank Smith, Hemlock street. The Rev. M. I. Harding read the marriage service. The church was decorated in fall flowers.

With Mrs. Harry J. Granquist as pianist and Miss Geraldine Mahaffey as soloist, the wedding music included "Ave Maria," "I Love You Truly," "O Perfect Love" and the traditional Wagner and Mendelssohn wedding marches.

The bride, given in marriage by her father, wore a floor length white velvety gown, a short veil which was attached to white garter and white accessories. She carried a bouquet of white roses. Her matron of honor, Mrs. J. P. Olmstead, wore a pink taffeta gown with white accessories and carried pink roses.

The bride's mother was gowned in black with white accessories while the mother of the groom wore brown with tan accessories. J. P. Olmstead, brother of the bride was best man.

Following the ceremony a reception was held at the home of the bride's parents for members of the immediate families. The house was tastefully decorated in fall flowers for the occasion.

Out of town guests included Cedric Antcliff, Mrs. William Antcliff and Mrs. George Hopple, all of Holland, N. Y.

Following the reception, the newlyweds left on a short wedding trip. They will be at home at 6 Kenmore street after October 7. For traveling, the bride chose a rose colored suit with tan accessories.

Both Mr. and Mrs. Smith are graduates of Warren High School. Mr. Smith is employed by the Bell Telephone Company.

Pre-nuptial affairs given in honor of the bride included a miscellaneous shower given at the home of Mrs. Harold Richael and a linen and personal shower at the home of Mrs. John Walters.

Corry Couple Married At Clymer Methodist

A quiet wedding was solemnized Tuesday morning at 11:30 o'clock at Clymer, N. Y., uniting Miss Wilda Woodworth, daughter of Mrs. Bessie Woodworth, of Corry, and Howard MacLees, son of Mr. and Mrs. H. L. B. MacLees, also of Corry. The nuptial vows were taken in the Clymer Methodist church with the Rev. D. D. Samuelson officiating.

The bride was attired in a gray velvet dress with wine accessories and a rose corsage. Miss Frances Woodworth, sister of the bride, was maid of honor. She wore an afternoon dress of wine colored velvet and a corsage of signet roses. Lauren Shreve, of Corry, attended Mr. MacLees as best man. Attending the ceremony were members of the immediate families. A wedding dinner was served following the ceremony and the couple left on a wedding trip. Upon their return, Mr. and Mrs. MacLees will reside at Columbus.

The bride is a graduate of Corry High School. Mr. MacLees is employed by the Aero Supply Corporation in Corry.

Several pre-nuptial parties were given for the bride.

Inspector in a roadside gun battle near Hamilton.

Patrol Captain J. J. Elliott said 24 of the convicts had been returned to the road project and searchers were close on the trail of the others.

Highway Inspector Paul Allman and Prison Guard Neil Hutchins were taken hostages but were released unharmed in a woods near here after spending most of the day in concealment with the three men and the woman.

Both men said the desperadoes carried a short wave radio, four sub-machine guns, three rifles, a box of pistols and a case of dynamite.

HAS FRACTURED ARM

Mrs. Jane Baker, 823 Fourth avenue, suffered a fracture to her left forearm this morning about 10 o'clock when she was caught between two cars while crossing Second avenue midway between Market and Liberty streets. Don J. Young, Kinzua, one driver in a long string of traffic going east on Second avenue, stated that his foot slipped off the clutch of his car causing him to hit the car ahead of him, which was driven by Chris Larsen, 19 Russell street. Larsen's car in turn was thrust forward, hitting Mrs. Baker, who was crossing between his vehicle and a preceding truck. Mrs. Baker had no other bruises or injuries other than the broken arm. She was admitted to the Warren General Hospital, where X-rays were taken of the fracture.
